FINANCIAL POLICY

DONATION POLICY FOR THE SOLICITATION, ACCEPTANCE AND DISTRIBUTION OF MONETARY CONTRIBUTIONS AND REAL OR PERSONAL PROPERTY

Purpose: The purpose of this policy is to establish a formal process for acceptance and documentation of donations made to the City of Baraboo. This policy provides guidance when individuals, community groups, and businesses wish to make donations to the City. This policy also establishes the standards for City employees and City officials regarding the acceptance of gifts and fundraising activities during the performance of City business. To promote consistent and best practices by all City employees and departments, and to ensure compliance with applicable laws and accounting procedures, the following policy and guidelines are hereby established:

1. *Types of Donations.* Donations may be offered in the form of cash, real or personal property. Designated donations are those donations that the donor specifies for a particular City department, location, or purpose. Undesignated donations are those donations that are given to the City for an unspecified use. Designated donations may only be accepted when they have a purpose consistent with the City's goals and objectives and are in the best interest of the City of Baraboo.

2. *Acceptance of Donations.* All donations to the City shall immediately be submitted for consideration to the City Administrator. Based on the value of the donation offered as outlined below, appropriate City staff shall review every donation and determine if the benefits to be derived warrant acceptance of the donation. The following points list the threshold amounts for donation acceptance.

A. Offers of donations of cash or items valued at \$5,000 or below shall be considered for acceptance by the City Administrator or delegate.

B. Offers of donations of cash or items valued more than \$5,000 and up to \$10,000 shall be considered for acceptance by the applicable Committee, Board, or Commission.

C. Offers of donations of cash or items valued more than \$10,000 shall be considered for acceptance by the City Council. Donations valued at more than \$10,000 require acceptance through a written agreement consistent with these guidelines and approved by the City Council.

D. All offers of donations of real property, regardless of value, shall be considered for acceptance by the City Council.

3. *Acceptance of Designated Donations.* Prior to acceptance of designated donations, appropriate City staff will review the conditions of any designated donation and determine if the benefits to be derived warrant acceptance of the donation. Criteria for the evaluation include but are not limited to:

A. Consideration of an immediate or initial expenditure required in order to accept the donation;

B. The potential and extent of the City's obligation to maintain, match, or supplement the donation; and

C. The need for the property, including where and what type of property it is.

4. *Fundraising.* Solicitation of voluntary contributions shall not violate the Code of Ethics for local officials under Wisconsin Statutes and City of Baraboo Code of Ordinances. In addition, no solicitation shall state or imply that a donation will influence or affect how the party is treated by City officers and employees.

a. All fundraising and solicitation efforts shall be consistent with the missions, goals, and mandates of the City. Solicitation for business, commercial, or personal reasons by City employees not directly related to City operations is prohibited. All donated funds or property become public property upon acceptance and shall be used or expended for public purposes.

b. All fundraising and solicitation efforts to support City programs and projects shall be authorized by the City Council after prior review and recommendation by the appropriate oversight Committee, Commission or Board. Council authorization may include continuing authorization or authorization for a one-time only project.

5. *Accounting.* Following donation acceptance, the Department shall obtain written approval of the City Clerk/Finance Director or delegate regarding procedures to account for the donation. Said approval shall include proper accounting protocols for fundraising revenues and expenditures to be coordinated through the office of the City Clerk. No Department shall be allowed to maintain a checking or savings account for fundraising activities that is separate from the City accounting system.

5. *Status of Donated Property.* All donated property given to the City of Baraboo becomes the property of the City to oversee, maintain, and manage and may be used in the complete discretion of the City, unless the parameters of the donation specifically require otherwise. The City will decide when changes shall be made to any facility or materials, with no guarantee of donated items being retained. If personal property becomes obsolete, the City will attempt, if possible, to find another use for the property. The City is not required to maintain the property beyond its useful life.

NOTE: The City of Baraboo cannot guarantee future funding for repair, maintenance, use or replacement of donated items.

ROOM TAX AGREEMENT

THIS AGREEMENT made this ____ day of July, 2016, by and between the CITY OF BARABOO (hereinafter "CITY") and the BARABOO AREA CHAMBER OF COMMERCE, a non-profit corporation (hereinafter "CHAMBER").

WHEREAS, City of Baraboo Code of Ordinances § 3.14 provides, among other things, for the collection of a room tax;

WHEREAS, the City is willing to allow the Chamber to use a portion of the room tax revenues to promote tourism in the Baraboo area provided that the Chamber and the City enter into a contract containing provisions satisfactory to the City;

WHEREAS, the City finds that the recreational opportunities in the City of Baraboo are a significant attraction to transient tourists and that construction of tangible improvements to recreational facilities within the City is an effective way to promote transient tourism;
