**TRICK-OR-TREATING RECOMMEND HOURS AND GUIDANCE FOR THE CITY OF BARABOO**

**Baraboo, Wisconsin, October 14, 2020** – At the City of Baraboo Common Council meeting on October 13, 2020, the Common Council voted unanimously to encourage trick-or-treating to occur in the City of Baraboo between the hours of 3:00 p.m. and 7:00 p.m. this Halloween, October 31, 2020.

Because of the COVID-19 pandemic, the recommended trick-or-treating hours are extended by one hour this year. The Common Council hopes the extra hour will help to spread-out the number of trick-or-treaters participating at any given time, which should help participants practice social distancing.

The Common Council recommends all participants follow the CDC guidelines for trick-or-treating, including wearing cloth masks instead of costume masks while out. The Common Council reminds residents to leave their porch lights on if they welcome trick-or-treaters, and strongly urges trick-or-treaters to bypass residences where the porch light is off.
